Materials

- Scrapbook Planning Page (page 79)
- a scrapbook or bound notebook with a cover and at least four pages
- art supplies such as colored pens, colored pencils, or crayons

Procedure

In this book report, you will focus on the life of the main character of your book. Your report will take the form of a scrapbook. You are going to create the scrapbook as if the character put it together.

Use the Scrapbook Planning Page to plan what you will include in your scrapbook.

The cover of your scrapbook should include the character's name, the title of the book, the author's name, and your name. Use your art supplies to design a colorful, creative cover.

On the first page of the scrapbook, write a letter from the main character to one of the other characters in the book.

On the second page, draw, create, or collect at least four souvenirs that the main character would have put into a scrapbook. The objects should reflect events in the story or important things about the main character.

On the third page, write a diary entry from the main character's point of view. This entry should describe how the main character feels about himself or herself, and how he or she has changed during the story.

On the fourth page, draw a picture of the main character.
